July 23, 2009 - "Open archive", "Extract files" and so on :S So I made an open archive for the word file and it showed 4-5 files and they were like this the same as the other word files and not the one i originally extracted and the other words show up as such so i extract again but now the file is in xls format and it only shows 1 file, but now when I select "open" it says "Archive" has been modified and I don't know how to do that other than deleting all files... I really want this to be restored.Any help would be greatly appreciated, as well as any time you can give me. Thank you in advance! Will
